WORCESTER ON HIS WAY HOME

Dean C. Worcester of the Philippine Commission is a through passenger on the Siberia from Manila to San Francisco. Worcester was a professor in the University of Michigan prior to his appointment on the commission, but he was well known for his work upon the Philippines, where he had made scientific investigations.

"The islands are thoroughly pacified now," said Mr. Worcester yesterday. "Though there are a few outbreaks here and there among the ladrones. The greatest dissatisfaction is in Cavite and in the provinces to the south of Manila. As a whole though, things are peaceable in the Philippines now. There is a better feeling among the people, Americans as well as Filipinos. The liberal appropriations by Congress for the relief of the islands has much to do with this."

Mr. Worcester is accompanied by his secretary, E. O. Johnson, and by his wife and family. The day was spent in driving about the city.

CONSECRATION OF BISHOP LIBERT

Bishop Libert is to be consecrated in San Francisco tomorrow. Father Valentin received a cablegram from the Bishop yesterday with but two words—"Consecration Saturday."

Father Valentin is of the opinion that the service will be held in the little French church on Bush street, the church of "Our Lady of Victories." This was the wish of Bishop Libert.

The Bishop will not return for three or four weeks. He expects to visit in Los Angeles and other California points before returning.

THE JOHNSON-IRMGARD SEA RACE

The Call of July 11 gives the following account of the race between the Annie Johnson and the Irmgard, which left Honolulu together some time ago:

The bark Annie Johnson, which left Honolulu in company with the barkentine Irmgard, arrived here yesterday, twenty-seven days from the island port and more than two days behind the barkentine with which she was racing for a homeward-bound record.

Captain Schmidt of the Irmgard declares that the Annie Johnson's run to Honolulu in eight days sixteen hours was a mere fluke, and that the real test of the vessels' respective sailing qualities was on the return passage, which the Irmgard made in a little more than twenty-four days.

Captain Nelson of the Annie Johnson takes an opposite view of the case. He declares that on the outward passage the real traveling qualities of his vessel were given a fair show and that coming home was no race at all.

"I will admit," he said yesterday, "that the Irmgard can drift faster than my boat. The Annie was built for sailing."

On the outward passage, when the Annie Johnson made what Captain Nelson believes to be the record trip, there were two days on each of which she logged 360 knots and there was no day on which she did not travel more than 260 knots. On the homeward run all the traveling, he says, was done during the last seven days of the voyage and that there were some days shortly after leaving Honolulu when the distance made was too insignificant to note on the chart.

Captain Schmidt says the Irmgard won. Captain Nelson says there was no race.

News has been received of the death in California of Mrs. McKay, formerly Miss Medau who spent a season in Honolulu as the guest of Miss Nolte.
